SELF-CARE NUGGET:

Accentuate the Positive!

Today, we need something good to lift us up. 'Accentuate the positive' means think about what is good. So, practice everyday thinking about the good!"

-S. Sallin

February has come so we hope everyone is staying warm! We would like for you to enjoy photos from our last groups. Our participants and staff attended the Birmingham Museum of Art & our Multi-Family group for January! Our participants were able to get to know one another through inclusion & socialization. We anticipate seeing you in our February groups. Let's have fun!
